Accreditation:

The Indiana Counselors Association on Alcohol and Drug Abuse (ICAADA) and the Indiana Health Professions Bureau accredits this conference. Attendees who complete the full two-day Conference can earn 12 Continuing Education Hours, which may be applied to certification or recertification requirements.

Conference Overview

Women – Recovering Together! is a two-day workshop designed for treatment providers who specialize in addressing the specific needs of women, including mothers with addiction disorders. Learn how to channel the energy and power of recovery as it manifests itself in women who, in overcoming addiction, address issues such as relational bonding, partner attachments, family systems, sexual and/or childhood trauma among others, as part of the recovery process. Gain some insight into the latest approaches being discussed at the Federal and State level regarding the basic elements necessary for a comprehensive model of treatment – there have been changes. Learn about new approaches being used to empower women in recovery through entrepreneurship. Hear about best practices in the area of treatment for children of parents with addiction disorders. Get the inside scoop on the implications of TANF reform on addiction treatment and how treatment will be changed by new provisions in federal law.

Facilitators

Jose A. Rivera J.D.

Jose A. Rivera, J.D. is president and CEO of Rivera, Sierra & Company Inc., a consulting firm based in New York and Maryland. The firm provides management consulting and technical assistance services to federal, state, and local agencies and tribal nations, tribal agencies, and not-for-profit organizations in areas including substance abuse, mental health, welfare reform, workforce development, cultural competence, program development and interagency collaboration. Dr. Rivera has served as Project Director of SAMHSA’s Workforce Investment in Recovery Project and the CSAT Woman, Youth and Families Task Force. In addition, Dr. Rivera has provided technical assistance to women’s treatment programs throughout the country and was one of the principal authors of CSAT’s latest Comprehensive Model of Treatment for Women and their Children.

Regina Knell, MA

Regina Knell, MA is a veteran with over 20 years experience in substance abuse treatment for women. Presently, she is Clinical Program Director for Palmer House in Tulsa, OK, a residential and outpatient program for women and their children. Regina has worked in managerial positions for some of the finest treatment programs in the country, including Centerpoint Inc., Marin Services for Women and La Casa de las Madres Inc., among others. She is both a manager and a clinician with special skills in addressing the role of recovery and relationships during treatment as well as the role of the work experience in helping women cope with addiction.
